"I was afflicted with kidney disease and gravel and growing constantly worse. Finally one of the gravels lodged in my bladder and I was about to have a surgical operation to remove it. I was induced to try Dr. Fenner's Kidney and Backache Cure and after using a few bottles I passed a stone half as large as a marble. The medicine prevented further formations and effected a cure.

M. M. FENNER.

From the Niece of Ex-Pres. Harrison.

INDIANAPOLIS, Ind., Aug. 4th, 1894.

DEAR SIR:—It is a pleasure to report to you the good effect received by me from the use of your **GOLDEN RELIEF**.

I had my thumb crushed almost to a pulp, and I was fearful that I would lose it. I immediately immersed it in the Golden Relief, holding it there half an hour, then bound it in cotton cloth, keeping it well saturated with the Golden Relief for a few days. I experienced great relief at once, in fact it gave me very little pain, after the first application, and healed without festering.

I also have a word of praise for your **COUGH HONEY**. Our little Robert, 7 years old, had Whooping Cough. We gave him the Cough Honey as soon as he was affected, and he went through the disease with hardly a whoop.

Yours truly,

FLORENCE B. HARRISON.

Doctor Fenner's Kidney and Backache Cure

In addition to the various diseases of the Kidneys and Bladder, this Remedy is especially adapted to the Cure of **Lame Back, Rheumatism, Heart Disease, Diabetes, Bed Wetting, Female Weakness, Dropsy, etc.** It also

Purifies the Blood.

A happy combination of the most efficient agents known, gathered from all parts of the Globe, for acting upon the **Urinary Tract and Blood.**

A GREAT RENAL DEPURANT,

searching out and ridding the blood of all impurities, at the same time that it heals and restores the Kidneys and all the tissues and organs of the **urinary and uterine systems.** It cleanses the blood **chiefly** through the kidneys, and **incidentally** through the bowels, liver and skin by straining the impurities out of the blood, through them. It increases the solid ingredients of the urine, but not greatly the quantity. From dark or turbid the urine becomes clear under its continued use.

It **cures** diseases of the Kidneys, Bladder, Urinary Passages, Female Weaknesses and the Blood. It possesses the marvelous property of dissolving stone in the kidneys and bladder and restoring these organs to such a condition of health as to **preclude their further formation.**

Cures Leucorrhœa, Falling and Ulcerations of Womb readily and effectually, and also difficult and Painful Urination and Bed Wetting. It also cures Backache, Catarrh of Bladder and Dropsy.

And it is the most efficient known Remedy for the cure of Acute and Chronic Rheumatism and Heart Disease in all their forms.

Cures Boils, all Skin Diseases (in connection with Dr. Fenner's Family (Salt Rheum) Ointment,) Blood Diseases, Scrofula of Skin, Swelled Glands, Dullness, Drowsiness, Swelled Limbs, Salt Rheum, Erysipelas of the Blood, Furred Tongue, Habitual Feverishness, Bright's Disease, Impotency, etc.

DR. FENNER'S KIDNEY AND BACKACHE CURE.

In many of the **chronic** diseases here named it is a good plan to use a bottle of this Remedy and then a bottle of Dr. Fenner's Blood and Liver Remedy and Nerve Tonic, so alternating till a cure results.

Both are blood cleansing in high degree, the Kidney and Backache Cure doing it **chiefly** through the Kidneys and **incidentally** through the bowels, liver and skin, while the Blood and Liver Remedy and Nerve Tonic does it **chiefly** through the Bowels, Liver and Skin and **incidentally** through the Kidneys.

PICKERINGTON, Ohio.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I was for a long time afflicted with Kidney Disease, **gravel**, and **occasional chills**. I had tried different remedies without any relief. I concluded to try your Kidney and Backache Cure, which I keep in stock in the drug department of my store. I had not taken but a few doses when I found a change for the better and the chills had ceased entirely. Two bottles effected what I think a permanent cure. My speedy relief and cure gave me great confidence in the Remedy. I have been enabled to recommend it to my customers and now have a big trade on it.

Truly yours, E. D. KRAUER.

Mrs. JAMES FULLER, Fredonia, N. Y., writes Dr. Fenner: "I had a heavy pain over my kidneys and cramps in my limbs connected with female weakness, for a long time. Also backache with scanty and turbid urine, bloating of limbs and a general

DROPSICAL CONDITION

of the system, caused by heart disease, from which I had suffered for years. I have been taking your Kidney and Backache Cure and seem to be entirely relieved. I never had a medicine help me so quickly and completely."

GAINED 33 POUNDS.

Mrs. EMMA PATTERSON, Rockland, Pa., writes Dr. Fenner: "I had been an invalid 10 years with backache, headache and a general running down. I took 2 bottles of your Kidney and Backache Cure, 1 bottle of your Capitol Bitters and 1 box of your Blood and Liver Pills in 2 months. That cured me and I gained 33 pounds."

FREDONIA, N. Y.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I most cheerfully recommend your Kidney and Backache Cure for what it has done for me. I have been a sufferer for 15 years with **lame back** and **kidney trouble**.

Sometimes my back has been so bad I could hardly straighten up for a month at a time. I would be taken with a **stitch** in the back that would last from 3 days to a month. The doctor could give me no relief. One physician said I had strained my back and there was no cure for it.

Two years ago I took 6 bottles of your Kidney and Backache Cure and one bottle of your Blood and Liver Remedy and Nerve Tonic. Relief began at once, and continued uninterruptedly to a perfect cure.

L. A. GIBBS.

J. S. Tunnell, druggist, Ozark, Mo., had a customer terribly afflicted with **kidney** and **bladder trouble**. Up 12 times a night. Great distress. One bottle of Dr. Fenner's Kidney and Backache Cure relieved all pain and the second bottle completed the cure.

RANDOLPH, Ia.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I had **kidney disease**, **consumption of bowels**, **rheumatism** and a **bad cough** all combined. Was discharging bloody matter and shreds of flesh from my bowels, suffered intense pain and felt that I must die. My wife was seriously afflicted with **urinary trouble**.

We both used your Kidney and Backache Cure. A few doses gave relief and a few bottles cured. I never knew a remedy possessed of such power for good.

F. M. WHEELER,

Complicated Cases.

Occasionally there will be found in cases of Kidney Disease, or other disease that Dr. Fenner's Kidney and Backache Cure is adapted to cure, **biliousness and torpidity of the liver and bowels and of the whole glandular system throughout the stomach and bowels in general.**

In such cases the remedy finds itself **estopped**, as it were, and is unable to act in the direction of a cure **with its accustomed vigor.**

Whenever from these **or other causes** the cure is not progressing satisfactorily, **remove the obstructions** by using Dr. Fenner's

BLOOD AND LIVER [Mandrake] PELLETS.

Take 4 to 8 (according as easy or hard to move) of the Pellets at bed-time, as found necessary to give a full and free action of the bowels. Take no other medicine until they operate freely the next day. This can be repeated in 2 or 3 weeks, if needed.

The action of the Mandrake Pellets is searching, far reaching and most thorough, acting upon all the glands of the body, especially the Liver, exciting them to a more energetic performance of their functions, in taking up and removing all worn out, effete and deleterious particles of matter from the blood and tissues, thereby cleansing, purifying and renovating the entire system—solids and fluids alike. They do not, like ordinary **cathartic** medicines, leave bowels debilitated and costive after their action.

These Pellets do not physic of themselves but it is the foul matter they cause the glands to throw off into the intestinal canal, that acts as the physic. How much better off is the system by the removal of this effete and offensive matter out of the blood! And how much clearer the **complexion** and the **head and intellect** on account of it, and how much the **healing and restorative power** of nature has been augmented thereby! This method of physic therefore does not weaken but strengthens the system instead.

[If there is some nausea and uncomfortable feelings, while they are working and before and after their operation, it only shows **how great has been their need, and that they are doing their work most thorough.** After the action is over their great benefit is **realized** and the Kidney and Backache Cure will then become doubly effective.]

Begin the use of the **Kidney and Backache Cure** as soon after the operation as the stomach gets well settled. If the free movement does not occur as expected, repeat the Pellets the second night.

Dr. Fenner's Backache Plaster.

If pain, soreness or lameness over spine or kidneys, apply Dr. Fenner's **Backache Plaster**. It is specially compounded to harmonize with his **Kidney and Backache Cure**, more or less absorption of its healing ingredients taking place into the circulation, where the two meet and **together make for cure.**

No specific medicine, like the **Kidney and Backache Cure**, and the **Backache Plaster**, can give the best results when confronted by a torpid condition of the glandular system.

But by relieving the **torpidities** as above directed, those otherwise slow cases become the **easiest and quickest to cure.**

"Dr. Fenner's Kidney and Backache Cure cured me of Dropsy after the Doctors had given me up.

Jerusha E. Tritton, Burns, N. Y."

"I have used Dr. Fenner's Kidney and Backache Cure and it benefitted me greatly, as I was troubled with my back and kidneys. It cured me and I can recommend it to others.

John W. Dougherty, Poplar Grove, O."

"I have had kidney troubles for many years and have tried many kinds of kidney medicines but got no relief until I took Dr. Fenner's Kidney and Backache Cure, which I can recommend to any one having kidney trouble.

Gilbert Kinch, Roscoe, N. Y.'

"I was troubled with crick in my back from babyhood every month in the year and it frequently laid me up for a day or two. Last fall I tried one bottle of Dr. Fenner's Kidney and Backache Cure and have not been troubled with backache since.

A. J. Hamilton, Elora, N. D."

"My niece, when a child was cured of St Vitus Dance by Dr. Fenner's Specific. At the present time she is taking his Kidney and Backache Cure, prior to which she could scarcely stand on her feet long enough to wash a few dishes. She is now on the second bottle, feels splendid and never complains at all of her back.

Miss Florence Bodwell, Elyria, O."

"I was taken with LaGrippe and it settled in my kidneys and for a whole year I could not do anything, most of the time having to hold on to a chair when I wanted to walk. I doctored with four different doctors, but received no relief until I used Dr. Fenner's Kidney and Backache Cure. Two bottles cured me sound and I cannot recommend it too highly.

J. M. McKinney, Coleman, Mich.

"It gives me great pleasure to say a word for what I consider the best Remedy on earth for the kidneys, Dr. Fenner's Kidney and Backache Cure. I handled this medicine for a number of years in Iowa and know it cured several cases contracted during the Civil war. Since coming to Tarkio I have used it in my own family with satisfactory results and can say to those afflicted that it is the great Remedy for kidney troubles.

J. H. Pyers, Tarkio, Mo."

SOUPS.

Stock for Soups.

Allow 1 quart of cold water to a pound of meat. Let it stand awhile before putting it on back of stove. Cover and simmer slowly. Five hours are required for boiling a good sized bone. When done pour into an earthen vessel and skim when cold. If desired to keep several days leave the fat on until used. This fat may be clarified and used for cooking by putting into boiling water. When it cools all sediment will settle to the bottom and the fat can be again skimmed off. Salt the stock when half done. Vegetables can be added to the stock in the proportion of one pint cut vegetables to every gallon. The meat can be spiced and baked or made into hash or croquettes. If desired stronger use 5 pounds of meat to 7 pints of water. When the stock begins to boil, throw in a half cup of cold water and skim.—Graded Cook Book.

Clear Tomato Soup.

1 quart of tomatoes; 1 quart white stock or water; 1 dozen cloves; 1 small onion; 1 bunch of parsley; 1 tablespoonful of sugar; salt to taste. Boil together for 1 hour in porcelain or agate kettle. Strain through fine sieve. Put back into kettle and add 1 tablespoonful of cornstarch, rubbed into a smooth paste with cold water and a piece of butter size of an egg. Season with cayenne or black pepper.—The Columbia.

Corn Soup.

Put 1 can corn and 1 pint of milk into a double boiler and boil $\frac{1}{2}$ hour. Strain and add 1 cup strong stock; season with salt and a little red pepper; thicken with one large spoonful of flour worked well into 1 spoonful of butter (if the least lumpy strain again). Just as you take it off stir in quickly 1 pint of whipped cream. You can use peas or celery in the same way.—Miss Jennie Prescott.

Oyster Soup.

Drain the liquor from 1 pint of oysters add this to 1 quart of milk, when this reaches the boiling point, add 1 tablespoonful of butter. When melted add the oysters, leaving them only until they curl, when add $\frac{1}{2}$ teacup cream and $\frac{1}{2}$ teacup of rolled crackers. Season with salt and pepper. Do not add water.—Mrs. H. Hargis.

Dr. Fenner's Flavors are strong and Absolutely Pure.

Spilt Pea Soup.

Wash 1 pint of split peas and cover them with cold water, adding $\frac{1}{4}$ teaspoonful of soda. Let them stand over night to swell. Next morning put them in a kettle with close fitting cover. Pour over them 3 quarts of cold water, adding $\frac{1}{2}$ pound of lean ham or bacon cut into small pieces; also a tablespoonful of salt

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—Last March I was afflicted with **urinary trouble**. Severe **pain in neck of bladder** and was unable to void urine for a time. The symptoms became so urgent that my friends thought I would die. They procured for me a bottle of your Kidney and Backache Cure and I began its use at about 4 o'clock in the afternoon. Relief soon came and I was able to get sleep that night. Before that I had to be up constantly straining to void urine with no result but pain. Within two days I was practically relieved of the acute attack and my health thereafter continued to improve. I cannot say too much for the virtues of this great Remedy. I had no faith till I had tried it.

MOSES STEVENS.

VERDON, S. Dakota.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—Perhaps you think it strange I have not written you before about my little boy. I bought another bottle of your Kidney and Backache Cure and began giving it with the aid of the rosin as you directed, but thought I would wait to see the effect it had before I wrote to you. He does not wet the bed at all now and I believe he is completely cured.

I did not expect to find any medicine that would cure him. I am so thankful that I wrote to you about him, for I had not given the medicine a week when I noticed a change in him for the better. I shall highly recommend your medicine to any of my friends who have such trouble with their children.

Mrs. HERBERT E. JOHNSON.

STOCKTON, N. Y.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I had **hip disease** caused by rheumatism, so bad that I could not step on my left foot for nearly 2 years.

I lost my appetite and flesh and became nervous and restless. Had been treated by physicans without benefit.

I was advised to try your Kidney and Backache Cure, and the result of its use was simply wonderful. After taking the first bottle I was so far relieved that I was able to walk without a crutch; the pain left me and my strength returned.

Mrs. WILLARD DYE.

BENNETT, Neb.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I have cured one man here of **kidney trouble** who had given up getting any cure. He had tried three doctors but they did him no good, so one day he asked me if I knew of anything that would help him. I remembered your Kidney and Backache Cure as having cured a number of my acquaintances and recommended him to try it. In one week he said he had not felt so well in a year, and after taking 4 bottles was a well man.

W. H. MCGILLIVRAE.

W. S. Wegant, Santa Cruz, Cal., writes: "I received more benefit from one bottle of Dr. Fenner's Kidney and Backache Cure than anything I ever found."

[Letter to the Jamestown, (N. Y.) Sun.]

"BUSTI, Chaut. Co., N. Y.

Editor Sun:—I consider it my duty to make the following statement: One year ago last April I became afflicted with Kidney disease. I employed one of the most experienced physicians, and frequently rode to his office braced up with pillows. I obtained no permanent relief and was

Reduced to a Mere Skeleton.

My father, Jacob Johnson, of Ellery, died of the same disease three years ago and I began to think there was little hope for me. Finally I began the use of Dr. Fenner's Kidney and Backache Cure and it helped me from the start.

My digestion improved, the soreness left my sides and back, and I took on healthy muscle and flesh. Two bottles completely cured me. Yours truly,

TRUMAN H. JOHNSON."

SAND HILL, Mich.

F. J. Brown,
Brent Creek, Mich."

"A customer of mine told me he had doctored four years for kidney trouble. I gave him a bottle of Dr. Fenner's Kidney and Backache Cure and it helped him so much that he came back and bought 6 more bottles. Another customer had been doctoring most all summer and was not able to work; he was cured by 6 bottles. I presume I could relate a dozen or more such cures.

J. M. Arrowood, Kingston, Minn.

"Last August I had a severe attack of kidney and bladder trouble, known to the profession as 'gall-stones.' I suffered untold agony for five months, and on several occasions it seemed to me I must die did I not get immediate relief. My case seems to puzzle our best physicians. All the medicines they prescribed for me failed to reach my case or benefit me. Finally I was induced to try Dr. Fenner's Kidney and Backache Cure. Have taken two bottles and feel that I am cured.

A. L. LeCroy, Lanett, Ala.

a little pepper and some celery, chopped fine, if you like. When the soup begins to boil skim the surface; cook it slowly 3 or 4 hours—until the peas are all dissolved—adding more boiling water, to keep the quantity as it boils away. Strain through a colander; serve very hot with lemon sliced fine or toasted bread cut in squares. If not rich enough add butter and season to taste. It should be quite thick when served. This soup can be made without the meat and celery. Season with butter, salt and pepper, and serve with crouton.—Mrs. Swetland.

MEATS.

Roast Turkey or Chicken.

After the fowl is singed and cleaned, wash and dry quickly with a linen towel. Fill the inside and sew up; then fill in at the neck and draw the skin over the back and fasten. Fasten the legs and wings close to the body, also the lower ends of the legs together. Put enough water in the tin to keep it from burning; add a little Salt; turn and baste often. Bake in a moderate oven 15 minutes to the pound. The following is one rule for

TURKEY DRESSING.

Take first joint of wings, part of neck, the heart, liver and gizzard and boil soft. When nearly done add 5 or 6 potatoes. When all are boiled remove bones, chop and season with pepper and a good sized piece of butter. DR. FENNER'S KIDNEY AND BACKACHE CURE.

KNOBSTOWN, Pa.

Dr. M. M. FENNER, Fredonia, N. Y.

I have been afflicted with an **aching back** and severe pains across my kidneys for several years and **scalding urine**.

I have used pine pitch plasters and pills and different kinds of medicines, all to no effect. Could not get out of bed without help. In May last I got so bad I could not stoop down to pick up anything.

In this condition I went to see a friend, Chas. McGehe, a merchant, who seeing my condition told me of your **Kidney and Backache Cure**. I purchased a bottle and before I had used it all I could eat and sleep and get in and out of bed as when a boy. I now feel well, work hard, sleep and eat well, and am on my second bottle of the medicine which I drove seven miles to get.

Yours truly,
GEO. W. WAGGONER.

Rev. A. J. Merchant. D. D., Ph. D.

Late Presiding Elder M. E. Church of Sharon, Pa., writes Dr. Fenner:

"I suffered 25 years with kidney difficulty. Some 10 years ago I used 3 bottles of your **Kidney and Backache Cure** and I can truly say that since that time I have had less backache than I had in 10 minutes before I took it. I feel entirely cured.

A. J. MERCHANT."

R. W. Minfrey, Esq., Lone Jack, Mo., writes: "I had kidney disease and catarrh of the bladder 20 years. Had suffered untold agonies and tried many doctors and other kidney remedies, but without receiving any benefit.

Now I have been completely cured by 2 bottles of Dr. Fenner's **Kidney and Backache Cure**. I write you this to show my gratitude and for the benefit of humanity."

HARRY WATERS, Hamlet, N. Y., writes Dr. Fenner: "Had been confined to my bed 8 months with kidney complaint, **heavy backache**, pain and soreness across my kidneys, also **rheumatism**. Had taken four bottles of a celebrated kidney remedy without benefit. One bottle of your **Kidney and Backache Cure** cured me and put me on my feet again."

"Dr. M. M. Fenner, Fredonia, N. Y.

For nearly two years my little son Grover, aged about 4, suffered from kidney and bladder disease. Finally a gravel was forced into the urethra and remained there producing blood poisoning and dropsical effusion. He was treated by a council of eminent physicians. They made incisions to let out the water and did all that could be done to help the little sufferer except by a surgical operation, which they very properly advised, but at the same time had to express the opinion that he was not likely to survive it. I refused consent and commenced giving Dr. Fenner's **Kidney and Backache Cure**. The child managed to survive until about one bottle had been taken, when the stone or gravel had become so far dissolved by it that it passed out of itself, and the child is well and strong to-day. This is regarded as a wonderful cure and shows the power of medicine in dissolving stone.

Daniel W. Reynolds, Watson, Ill."

"Brown Branch, Taney Co., Mo.

"Dr. M. M. Fenner, Fredonia, N. Y.

I was days and nights in constant misery. I had had similar attacks in the fall of 1900 and of 1901. At last I sent to the country store for a reliable kidney remedy and Dr. Fenner's **Kidney and Backache Cure** was brought me and I never did take anything that did me good so soon.

Respectfully,

Mrs. Eliza Dean."

Kidney troubles in some form or other are almost universal. They come upon one so stealthily that it is hardly known before your doctor tells you you are beyond cure. You should frequently take

Dr. Fenner's Kidney and Backache Cure,

and thus keep the system strong in resisting these insidious attacks.

"We have used Dr. Fenner's Kidney and Backache Cure. We also sold it at Navarre, Kansas, and know it to be all right.
B. F. Peters, Kansas City, Mo."

"Dr. Fenner's Kidney and Backache Cure has cured a man here with kidney and bladder disease whom the best physicians had given up to die. He is now well and sound. The Remedy gives great satisfaction.

Wm. Farquay, Steven's Sta., Ind."

"I was afflicted with kidney and liver trouble and suffered enough to kill six men. I finally decided to try Dr. Fenner's Kidney and Backache Cure, and after taking 2 bottles I was entirely cured. It is worth its weight in gold. I heartily recommend it to sufferers with kidney trouble.

W. H. Clanton, Montgomery, Ala.

"I had trouble with my kidneys for five or six years and at times could hardly rise from my chair and had to lie in bed two or three days at a time. After taking one bottle of Dr. Fenner's Kidney and Backache Cure have not been troubled since. It surely is a good medicine for the kidneys.
Mrs. Della Wheaton,
Windom, Pa."

"Your Remedies are giving the best of results and outsell anything I have in stock. I have a customer who has been troubled with gravel and last winter I sold him a bottle of Dr. Fenner's Kidney and Backache Cure and after he had taken about half of the bottle, a gravel passed from him about the size of a bean; it caused him great pain. He took it to his family physician who told him it was the largest he had ever seen. The man has been well ever since.

C. F. W. Inderrieden, Chandler, Ind."

"I wish to state I have been troubled with what I thought was rheumatism, in my back and hips. At times I was so bad I could scarcely walk and was unable to do any work. My back at night would hurt me so that I could not sleep for several hours. I am proud to say that after using two and a half bottles of Dr. Fenner's Kidney and Backache Cure I feel like a new man and can now work as well as ever. That medicine is worth its weight in gold. If any one cares to write to my neighbors, who have seen my crippled condition for the past 18 months, I will send them their addresses.

Dear Doctor:—I cannot find words to express my gratitude toward you, for I feel myself now improving and am confident of a complete cure, and no one but you to thank for it.

As you directed I bought another bottle of your Kidney and Backache Cure and I feel it is effecting a cure in me.

To think only about 3 weeks ago I wrote you, almost heartbroken and doubting if I ever should find relief, and now have it. Doctor, you will please accept my warmest thanks.

"I have been selling your Remedies since 1897, and though I have been in the drug business for 17 years I must say I have never handled a line of medicines that have given the universal satisfaction yours have. Dr. Fenner's Kidney and Backache Cure especially, has been a big seller and the unsolicited words of praise that come from every one who uses it, justify me in giving it my unqualified endorsement to others.

"This is to certify that I was laid up with Sciatic Rheumatism for 16 months, being unable, during that time, to perform any labor whatever and had paid out \$480 to physicians and had received no benefit. Being advised by a friend to try Dr. Fenner's Kidney and Backache Cure, I did so with the result that 4 bottles affected a cure. Since then I have recommended it to hundreds suffering with kidney troubles and in every case they received the same benefit.

VEGETABLES

Corn Oysters.

1 dozen ears of corn; salt and pepper to taste; 1 tablespoonful of flour; 1 egg. Score the corn down the center of each row of the grains, then with the back of a knife press out the pulp, leaving hull on the cob. Add the beaten egg, flour and seasoning. Drop a spoonful on a griddle or a well greased spider; brown on one side and then on the other--Miss Thompson.

Potato Croquettes.

3 coffee cups of mashed potatoes; $\frac{1}{2}$ cup of milk; small tablespoonful of butter; yolks of 2 eggs. Parsley, onion juice, salt, red and black pepper to taste. Shape, roll in egg and crumbs, and fry in hot lard. It is best to prepare them some hours before frying.--Mrs. M. T. Dana.

Cut the rind of the pork into gashes 1 inch deep, place on the top of the beans; bake in a hot oven till brown. Or, cut the pork into thin bits, mix through the beans; bake in a covered dish 3 hours.--Mrs. J. C. Mullett.

Dr. Fenner's Kidney and Backache Cure should be used in

All Cases of Backache or Lame Back

Many a person unable for months to walk on account of such troubles has been

COMPLETELY CURED

by using a few bottles of this truly wonderful Remedy.

Dr. Fenner's Blood and Liver Remedy and Nerve Tonic

For Blood, Liver and Nerves. Purifies and enriches the one---restores to normal action the others and makes for HEALTH.

It is a Sarsaparilla-Mandrake Prince's Pine Alterative, Blood Cleansing, Nerve Tonic, Liver Invigorating, Restorative Compound.

IT CURES :

Headaches,	Constipation,	Biliousness,	Dull and achy feelings
Blood Impurities,	Sleeplessness,	Skin Diseases,	Swelled Glands,
Pain in Stomach,	Old Ulcers,	Liver Complaint,	Jaundice,
Swellings,	Female Weakness,	General Debility,	Fever and Ague,
Dizziness,	"The Blues",	Scrofula,	Habitual feverishness
Nervousness,	Boils,	Erysipelas,	Eruptions and pimples
Spitting up of Food,	Sour Stomach,	Swelled Limbs,	Running Sores,
Syphilis,	Bowel Disorders,	Moth on Face,	Salt Rheum,

AND ALL OTHER CHRONIC DISEASES.

It does these **great cures** because it expels from the **blood** and **tissues** all **impurities**, straining them off through the **Liver, Bowels, Kidneys and Skin**, by stimulating these organs to renewed and normal activity without weakening, but all the while strengthening instead, **enriching** the **Blood**, restoring the **nerves** and so building up the **system**.

It causes the **Liver** to throw off its **Bile**. It cleans out the stomach and bowels, ridding the blood and system of all **offensive** and **disease producing matter** and **restores** the **nerves**—thereby giving good sleep at night, appetite, flesh, strength, comfort, freshness and bloom—in a word, **Health**. Its **action is rapid, radical, certain and permanent**.

DISEASE is the abnormal action of some one or more of the great organs of life.

The **cause** of disease may be whatever can act upon the system so as to produce the abnormal action. It may be gone, or still acting when the disease comes under treatment.

The **cure** of disease is first to remove the cause, as far as known, and then the administration of such a remedy as will **correct** the abnormal action and **restore** the injured tissues to a healthy state.

It Strikes at the Root of Disease.

The reason this remedy is so actively curative in any and **every** case of recent or chronic ailment is because it is so made up that **as soon as swallowed** it begins the work of stimulating to its normal activity every great organ, gland and tissue of the entire body, at the same time **toning up** and **restoring** all the nerves and other tissues. It thus strikes logically at the **root** of the disease, and while it is being expelled, restores the injured tissues, and **enriches the blood**.

Here is an illustration in point: A stove filled with ashes and clinkers ceases to give out heat. The fire runs down and finally dies. To restore the fire and prevent death is not to add more fuel, because the drafts, which are its organs of life, being clogged, the stove cannot use the fuel already on, and the fire continues to die. The remedy needed here is to shake out the ashes and debris, thereby removing the obstruction to the drafts, whereupon the fire again burns. At the same time add fuel and the stove resumes all its normal functions of life and heat.

Exactly so with the human system! When some or all of the great organs of the body (**drafts**) become torpid, **secretion** and **excretion slacken**, the blood gradually **fill with impurities** and **depression** (the "Blues") and **disease** are the result. The fire of life becomes **smothered** and begins to **die out**. Food and tonic medicines alone only **add to the obstruction** and **hasten decay**, because the diseased system **cannot appropriate** them to its use.

But if we should administer a **remedy** that can stimulate to **activity** the liver, bowels, stomach, kidneys, skin and all the great **excretories** (alterative), enabling them to **shake out the ashes and**

DR. FENNER'S BLOOD and LIVER REMEDY and NERVE TONIC

debris, so to speak, and open up the drafts of the system, the fire of life at once rekindles. If, in addition to that, our remedy contains elements that will add **vigor** to the weakened and injured muscular tissues (**nerve tonic**) and richness to the blood (**restorative**) we have then found the **compound** that in the highest degree conduces to the restoration of health.

Aided by the **experience of a life-time** and the **latest and constant contributions of exact science to the healing art**, Dr. Fenner is enabled to present such a **remedy** in this

Great Sarsaparilla Compound.

The cures it has already wrought would fill volumes. It is a Vegetable Compound, so made up of the choicest plants, carefully collected from every country and clime, as to possess the rarest Alterative, or Blood-cleansing and Purifying, together with Healing and Tonic or Nerve Strengthening, Restorative and Blood Enriching properties **combined**, wholly unparalled in real curative value in the history of the healing art.

Dr. Fenner's Kidney and Backache Cure is described on another page. As there stated, the highest degree of efficiency is frequently attained by using a bottle of this remedy and then a bottle of that in alteration.

THIS GREAT REMEDY cannot be used in any diseased condition of the system without benefit resulting, because its characteristics are:

- (1.) The restoration to normal action of every organ and animal function.
- (2.) The ridding the entire system of every foreign element, blood impurities or debris whatever, and
- (3.) The toning up and repairing of every injured tissue, whether nervous, muscular or fibrous, and their replenishment through new, healthy, highly vitalized blood.

An Excellent General Remedy to give in connection with some of the Special Remedies that follow in this circular, like Golden Relief in "Inflammations," Asthma and Consumption, Cough Honey in Lung Diseases; Capitol Bitters in Loss of Appetite; Kidney and Backache Cure in Kidney Disease, Rheumatism, etc., etc. It always renders **IMPORTANT AID** in any condition where a special medicine is being given.

Its action is **mild THOUGH ENERGETIC AND MOST THOROUGH**. By **STIRRING UP** all their ailments and old biliousness, patients frequently write: "At first it made me feel sick, but that passed off after the first bottle and now I am sound and well!"

DR. FENNER'S BLOOD and LIVER REMEDY and NERVE TONIC.

Dr. FENNER has devoted a life-time to the treatment of **inveterate chronic diseases** and has acquired a **world-wide reputation** for his success, extending his practice over every State in the Union. Indeed it is confidently believed that his practice in this class of disease exceeds, in a single month, that of the ordinary practitioner in a life-time.

Dear Sir:—I wish to inform you of the great effect your medicine has had on me.

I was **Bilious, Feverish, Constipated**, had terrible headaches, and so weakened and run down that I could not sleep nights. **Bad Cough.** I have taken one bottle of your Blood and Liver Remedy and Nerve Tonic and one bottle of your Cough Honey, which I bought of Higgins Brothers, our druggists, and they have done me so much good that I really don't know how to thank you, for I feel like a new woman.

I had been treated by two of the best doctors and they did not seem to do me any good, but I feel better since I have taken your medicine than I have felt for years. I was sick for 3 long weeks, not able to get out of my bed. I was growing worse until a friend of mine saw your medicine advertisement in the papers and I resolved to try it.

Another person here is taking your **Blood and Liver Remedy and Nerve Tonic** and she feels better than she has in years. She had about the same complaint I had and had spent about two hundred dollars doctoring with different doctors, but had found nothing to equal your medicine.

I can recommend your medicine to all sufferers and if they take it they will get well.

Yours truly,

Mrs. SALLIE HARRIS.

I had no further distress and one bottle cured me. It is the best medicine I ever took.

Dear Sir:—About one year ago my health was very poor; so that I was hardly able to attend to my business at all. **Had no appetite, could not sleep**. I used nearly everything that people said was good for my case, but found no relief. Coughed a great deal, was **Bilious, Constipated** and head-achy. At last I tried your Blood and Liver Remedy and Nerve Tonic.

At first I thought it made me feel worse but I took the rest of the bottle and felt better. I used 5 bottles of the Remedy and gained 25 pounds and feel as sound as ever. I know there is no better Remedy for fixing up one's system than your Blood and Liver Remedy and Nerve Tonic.

Dear Sir:—I had been suffering from Abscesses on my Lungs and **liver disease** for about three months. Coughed a great deal; became nervous and restless and my flesh had wasted away. Had been treated by three different physicians without any material benefit. They finally advised change of climate to avoid Consumption, and in August last I had decided to break up my business here and go west in search of health.

At this time I was induced to try your Blood and Liver Remedy and Nerve Tonic. Once fairly under its influence I gained flesh at the rate of a pound a day.

After using 2 bottles of the Remedy, I was a well man and went about my business, which I have continued uninterruptedly to this time. JOHN H. CLARK.

Dear Sir:—I was run down, tired out, bilious, had no appetite, poor sleep, dizzy, dull, constant headache.

The first relief I got was from your Blood and Liver Remedy and Nerve Tonic. One bottle wrought a complete cure. I was thus able to recommend it, and have since sold a great deal. One bottle I sold cured a woman of palpitation of the heart and chronic inflammation of neck of the bladder.

Another Cure by Dr. Fenner's Remedies

"I was very much like my neighbor, Mrs. Care (a bad case of skin eruption heretofore reported as cured by Dr. M. M. Fenner's Blood and Liver Remedy and Nerve Tonic and his Family Ointment), only the doctors called my disease Erysipelas for a number of years and it was afterwards pronounced by doctors to be Salt Rheum. At the age of 16 I was afflicted with it, and at the age of 20 I was so bad I could hardly walk.

I found no relief until I commenced taking Dr. Fenner's Blood and Liver Remedy and Nerve Tonic, and in three months I was enjoying good health after suffering more than 45 years.

Dear Sir:—I had been sick many years. When you first saw me, in 1869, I was very near the grave.

My throat was deeply ulcerated. One eyelid was partly eaten off. Large ulcers on thighs and body were exceedingly offensive, and I was reduced in flesh to a mere skeleton.

All doctors and medicines had failed. One year's use of your Blood and Liver Remedy and Nerve Tonic produced a complete cure. Improvement began at once.

It has now been 25 years since I was cured and there has been no return of the disease.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—I am 45 years old and work in the Brooks Locomotive Works at Dunkirk, N. Y. At about the age of 35 I had a run of Typhoid Fever and afterwards was taken with swelling of my leg above the ankle. It broke in several places and extended to the bone. At one time I had 8 ulcers in it extending to the bone, and the leg was swollen to twice its natural size. I could work but little for years. I tried all the doctors I could reach and many patent medicines and got no relief from any of them.

About a year ago I bought a bottle of your Blood and Liver Remedy and Nerve Tonic and took it. By the time it was gone I was so much encouraged that I got another bottle of the same. When this was gone my leg had entirely healed from the bone and I was well.

I now work hard in the blacksmith shop of the Brooks Locomotive Works and my leg is as sound and well as before the disease began. It is a trifle smaller where the muscles had been eaten away by the terrible eating elcers.

You are at liberty to publish this, as it may be the means of some other afflicted person regaining his health. I have a wife and five children and had to sell my farm to keep bread in their mouths. I feel too grateful for what your medicine has done for me to find words to express my gratitude.

Yours truly,

Dear Sir:—Your Blood and Liver Remedy and Nerve Tonic has had a beneficial effect upon my boy. He commenced to have a breaking out on his face when about 3 months old. It continued to spread until he was completely covered with sores. The best physicians in this vicinity doctored him for nearly two years without doing any good. At length I was advised by a friend who had used your Remedy to try a bottle of it. Before he had taken half the bottle we noticed he was decidedly better and two bottles completely cured him. There are scores of witnesses here who can testify to this wonderful cure. I cheerfully recommend this Remedy to all suffering with like disease.

Dear Sir:—I feel it is my duty to you and the public to tell what your medicine did for me. I had a severe attack of erysipelas and blood poison in my head and face. My physician doctored me for about 3 months but did me no good. I then saw D. E. Smith, your agent of this place, and he said he had a remedy that would cure me. He sold me three bottles of your Blood and Liver Remedy and Nerve Tonic. The three bottles cured me and I have not been troubled since.

Last winter I was taken sick with the grip and heart trouble and doctored with three physicians until last May but continued to grow worse. I then bought 2 more bottles of your Blood and Liver Remedy and Nerve Tonic, and two 25-cent bottles of your Golden Relief, and before I had taken one bottle of each I was so much improved I could work. The four bottles completely cured me and I feel very thankful to you for what your valuable Remedies have done for me.

M. M. Fenner, M. D., Fredonia, N. Y.

Dear Sir:—I was greatly afflicted with ezema in my left eye. I was attended by various physicians for 5 or 6 years, also used many patent remedies but could get no relief. The itching was unbearable. I took one bottle of Dr. Fenner's Blood and Liver Remedy and Nerve Tonic and it seemed to cure me, but in about 6 months the trouble came on again. I then took 2 more bottles and it completed the cure and I have had no return of the disease, it being some 3 years ago. I can more than say it is worth its weight in gold.

Yours truly, A. O. Woodruff.

Geneva, Pa.

Dr. M. M. Fenner, Fredonia, N. Y.

It is my duty and privilege to testify to the benefit I have received from the use of your great Remedy. I was troubled with sores on my hands and scalp. I tried application salves and liniments without effect. I finally procured one bottle of your Blood and Liver Remedy and Nerve Tonic, and before I had taken all of the bottle the sores were all healed and my general health greatly improved.

This is to certify that I was afflicted with ezema for several years. Had been under treatment of seven physicians three months each with poor results.

About this time W. E. Edwards, of M. M. Fenner, Fredonia, N. Y., made his usual call at my place and seeing my condition, told me if I would take 6 bottles of Dr. Fenner's Blood and Liver Remedy and Nerve Tonic and it did not cure me I could charge it up to the House. I took 5 bottles and was cured. Wm. Powers.

FREDONIA, N. Y., Jan. 30, 1902.

Dr. M. M. FENNER, Fredonia, N. Y.

Dear Sir:—I am the telephone girl of Fredonia, and was attacked with Grip and Sore-throat suddenly, and became so bad that my voice could not be heard at the other end of the line, and I was obliged to give up work.

One of the last calls I answered was from you. Realizing the situation you at once sent me a small bottle each of your Golden Relief and Cough Honey, with the directions how to take, and the promise of relief in 5 minutes and cure in 6 hours.

Of course I was skeptical as to the promise of so quick a cure, but I carried out the directions faithfully, taking a tablespoonful of the Relief in 2 of water and 1 of sugar, etc., and am pleased to say that the result was a **full realization of your promise.**

I came on duty the next day fully restored. Thanking you for so quick a cure, thus saving me the sickness and loss of time I had feared, I remain,

Your much obliged friend, ETHEL RUCH.

Angels Food.

Whites of 11 eggs; 1½ tumblers of granulated sugar; 1 tumbler of flour; 1 teaspoonful Dr. Fenner's Vanilla; 1 teaspoonful cream of tartar. Sift the flour 4 times, then add the cream of tartar and sift again, but have the right measure before putting in the cream of tartar. Sift the sugar and measure. Beat the eggs to a stiff froth on a large platter; on the same dish add the sugar lightly, then the flour very gently, and then the vanilla. Do not stop beating until it is in the pan to bake. Bake 40 minutes in a very moderate oven. Try with a straw. Do not open the oven until the cake has been in 15 minutes. Turn the pan upside down to cool and when cold take out by loosening around the sides with a knife. Cut with a sharp knife. Use a pan that has never been greased, and have on edges 3 or 4 projections about 2 inches deep, so that when turned upside down there will be space between the pan and the table. The tumbler for measuring must hold 2 ¼ gills.—Mrs. Sophia White.

Kisses.

Whites of 4 eggs and ½ pound of pulverized sugar. Beat whites until very, very stiff. (Here lies the secret of success). Add 1 teaspoonful of Dr. Fenner's Vanilla, and then add the sugar. Drop on a board which has been thoroughly wet and covered with a paper which has been wet; bake in a cool oven ½ hour or until they are well dried. Slip them off the board with a knife and put two together, the lower sides together. A couple tablespoonfuls of chopped nuts—English walnuts, almonds or hickory nuts—the last thing before baking is a great improvement. Make them of an oblong shape, which can easily be done. Mrs. S. B. Durlin.

Fried Cakes.

2 eggs, beaten thoroughly; add 1 scant cup of sugar and beat again; add 6 table spoonfuls melted butter and beat again; 4 teaspoonfuls baking powder sifted into the flour. Add 2 teacups sweet milk and a little salt. Mix very soft. Flavor with extract of nutmeg.—Mrs. R. H. Barnum.

Sponge Cake.

3 eggs; 1 large cup of sugar; 1 large cup pastry flour; 1 teaspoonful baking powder, ½ cup hot water, ½ lemon (juice and rind), beat eggs very light. Add gradually the sifted sugar; then the water and lemon, and lastly the flour and baking powder. Bake in gem pans, or as a loaf.—Mrs. C. M. Rathbun.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—I have used your Golden Relief for the past 16 or 17 years for many ailments, such as headache, neuralgia, toothache, backache, bruises and cuts. I had a running sore on my leg that caused me a great deal of trouble. I doctored with several doctors but they could not help me and told me I would lose my leg. It pained me terribly and one evening I made up my mind I must do something and poured Golden Relief on the sore. The next morning my leg was a great deal better. I applied the Golden Relief 4 or 5 times and my leg healed up within a week. I feel very grateful to you for your medicine. There is no better in the world for cramps, colds, aches and pains, bruises, cuts, sprains, old sores, etc. I am going to Alaska in about ten days and will take several bottles of your Golden Relief with me.

I remain your friend,
Samuel T. Johnston.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—I wish to say a few words in regard to your wonderful Remedy called Golden Relief. I was sick several days with cramps and very bad case of dysentery which turned into blood. One of your salesmen happened to be here when I was so bad. He gave me two doses of your Golden Relief and I haven't had ache or pain since. I have also cured several commercial men with your Remedy.

Yours respectfully, Clyde Gilson.

A Cough or a Cold will disappear from any part of the body, whether in the head, on the lungs or in the bones, by the use of

Dr. Fenner's Cough Honey

as surely and readily as will dew before the morning sun. If taken in time it will prevent taking of cold, rheumatism or other disease.

Dr. Fenner's Cough Honey

1.—It will break up a **COLD IN THE HEAD** before any cough has formed in two to three hours.

2.—It will relieve any **Cough** in one hour or less.

3.—It is a **SPECIFIC** in any **COUGH** from any **CAUSE**, and it cures the disease from which the cough arises.

4.—But its best work is as a **PREVENTIVE** of disease, used as a prophylactic. A full dose taken before exposure to wet, cold, dampness, drafts or overwork, will prevent the taking of "cold", rheumatism or other disease.

If a "cold" is **already on**, but no cough yet formed, a single dose will clear the nose, throat and eyes, so that **no cough will form**.

It **wards off** distempers, sorethroat, diphtheria, croup, fevers, scarlatina, and other infectious and contagious diseases.

If any such disease is **already on**, its continued use renders them **light and harmless** though they might otherwise prove grave and fatal.

It does this by **fortifying the System**. It **reinforces all the vital energies**.

It thus gives a backing which enables the system to **resist**, arrest or rid itself of disease. No "giving way," no "sinking spells," no "heart failures" occur when the system is **fortified** by the Cough Honey.

It may thus be used in low states of the system in **any disease**, like the "turn of a fever," and then no sinking spell will occur.

Used with Dr. Fenner's **GOLDEN RELIEF** in **Grip, Croup** and **Diphtheria**, a patient would seldom die of those diseases. Used with the same in **Asthma, Chronic Bronchitis** and **Consumption**, many precious lives might be saved.

A person would rarely die of Consumption or other lung disease **who uses these two remedies persistently and well**, and whose lungs are not too far gone, before beginning their use, to permit of recovery.

A POWERFUL AID IN CONSUMPTION OR CHRONIC WEAK LUNGS:

Have a jacket made of two thicknesses of flannel, stuffed with sheep's wool to the thickness of one-half to one inch, large enough to go over shoulders and around the chest and down as low as the pit of the stomach. Wear this during the Fall, Winter and Spring months, and there will be no need of a change of climate. It will give a powerful aid to the medicines in securing a **complete cure** in all chronic lung and throat diseases. (See Dr. Fenner's Golden Relief Circular, pp. 4, 10, 20, 22, 28.)

If constipated use Dr. Fenner's **Blood and Liver Remedy** and **Nerve Tonic, Pills or Pellets**, or in children his **Sennatoria** in connection.

From an Eminent Teacher. Prof. H. R. Sanford, President of the New York State Teachers' Association, Public Schools at Middletown, N. Y., etc., writes: "From repeated use of Dr. Fenner's Cough Honey in my family I am free to say that I consider it **the best Remedy known**. Its action is prompt and reliable. In the frequent colds so common among children it is a great boon. H. R. SANFORD.

CURRY N. CATTELL, Esq., Selig, Adams Co., O., writes: "I was reduced by a prolonged **Consumptive Cough** to 118 pounds, and was given up by my doctors to die. The use of 4 bottles of Dr. Fenner's Cough Honey produced a complete and a **permanent cure** and my weight increased to 185 pounds."

Dr. Fenner's Dyspepsia Cure

This Remedy is a **specific** for Dyspepsia in all its forms and readily relieves any of the symptoms following when dependent on that disease. It also impresses the liver and bowels, exciting a healthy flow of bile and relieving constipation, sallow complexion, etc.

Says a learned author :

"Dyspepsia is an imperfect digestion, and from this we have imperfect nutrition, and the results that flow from it, derangement to a greater or less extent of all the functions of the body, and sooner or later, loss of flesh and strength."

Nearly all cases of Dyspepsia, (and they are legion,) are caused or attended by inaction or torpidity of the stomach, liver and bowels.

Some of the following symptoms are always present :

Heaviness over the stomach with flushed face and headache following. Indigestion, uneasiness, dullness, fullness, weight and tension over stomach, flatulency, bloating, sour stomach, "water brash", "heart burn", sour eructations, spitting of food, gurgling up wind, offensive breath; light colored offensive discharges at stool, frequently frothy; furred tongue; urine limpid or depositing white sediment on standing; dizziness, shortness of breath, palpitation of heart, sick or nervous headache; deficient, excessive or defective appetite; pain in stomach or upper bowels, nausea, vomiting of offensive mucous, restless nights, disturbed sleep, horrid dreams, tired feeling in morning, sense of constriction in throat, constipation or diarrhoea, "gnawing" sensation in stomach between meals.

Only a few of the above symptoms are liable to be present in a single case. Most of them follow eating a full meal, especially if the mind is put to literary or calculating work, or troubled, thus diverting the nervous energy required by the stomach, to the brain, leaving food to **ferment** instead of **digest**. Nutrition following this condition of course is bad, and the system suffering in consequence, is exposed to all forms of disease and symptoms.

Treatment. In these cases this Remedy is as much a specific as quinine is in ague, chloroform in cramps, morphine in pain, chloral in wakefulness, or Dr. Fenner's St. Vitus' Dance Specific in that dread disease, St. Vitus' Dance (and it has never been known to fail.)

It is warming to the throat but as harmless as milk, and must not be diluted before taking or soon after by drinking water or tea. It is usually taken immediately after the meal and must be allowed to apply itself to the coats of the stomach. An additional dose may be taken at any time between meals, if the first has not given complete relief. It sometimes acts better, however, taken a little before the meal. A trial will soon show which acts most agreeably in one's case.

It is a great satisfaction to prescribe this Remedy because the patient always says he is better: "it **helped** him quickly and it **permanently cured**"—is the universal report.

It is as sure to relieve the unpleasant symptoms of Dyspepsia immediately and cure eventually as night is to follow the day, or the benign and welcome rain to moisten the parched earth, just so it is taken and persisted in a reasonable time.

KNOXVILLE, Tenn.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—Please send me by first freight 2 doz. Dr. Fenner's Dyspepsia Cure and 3 doz. Golden Relief.

I want to say in regard to your Dyspepsia Cure that it has cured me of a **distressing case of dyspepsia**. I have been trying all kinds of medicines for it, including the different forms of Pepsin and Lactopeptine, but none of them did me any good.

Two weeks ago I commenced on your Dyspepsia Cure and the first dose gave me immediate relief, and from that time to this I have not had a symptom of dyspepsia. I have taken 2 bottles and consider myself cured. On my statement of these facts to others similarly troubled I have had no trouble in selling your Dyspepsia Cure and now have not a single bottle in the store. All who use it say it is wonderful how quick relief comes after taking a few doses. The truth is I would not take a thousand dollars for the good it has done me. No one but the dyspeptic can realize what torture there is in dyspepsia.

Yours truly,

J. H. STEVENS.

Physicians use Dr. Fenner's Remedies in their private practice as being superior to anything they can prescribe for their difficult cases. Here is a case where his Dyspepsia Cure was employed:

And hers is not the only case here. Half a dozen other similar cases that have come under my observation have been cured by your Dyspepsia Cure.

Sincerely your friend,

Dear Sir:—One of my customers had a baby which was about to die. The doctor had given it up entirely, but this customer came to my store and asked the doctor to come and see the baby. The doctor said it was useless as it was impossible for the baby to live, but the customer insisted that he make one more trip. Having overheard the conversation I called the doctor to one side and asked him to take along a bottle of your Soothing Syrup, and if he (the doctor) did not want this customer to know he was using a patent medicine I would pour it in a plain bottle. The doctor agreed to take the medicine and try it on the baby as an experiment. As a result the baby got entirely well and is a healthy child at present.

Dear Sir:—For a period of seven or eight months, my boy Archie was afflicted with St. Vitus' Dance. Physicians, specialists, sea water baths, hot and cold, failed in every instance to cure. My child became helpless. I procured one bottle of your St. Vitus' Dance Specific and the result was a psrfect cure, he only having taken two-thirds of the bottle contents. Since then I have always kept it for sale at my store, and in every case that I have sold it the result has been a cure.

Truly yours, Thos. F. Jacob, P. M.

Doctor Fenner's St. Vitus' Dance Specific

Consists of a happy combination of nerve tonics, alteratives and restoratives, containing the peculiar property of raising the system, as it were, quickly above and out of the distressing situation. It has been before the people over 30 years, and as it is the only Specific Remedy for this terrible disease now known, a knowledge of it has so spread that at this time there is hardly a country on the globe but is making calls for it.

Thousands of cures have been effected by this great Specific and it is not known ever to have failed to cure a single genuine case of the disease when properly and faithfully used. Most of the cases cured by it had already made use of the usual remedies for the disease, like "Fowler's Solution," "Hydrogene Acid," "Silver," etc., without benefit, before coming on to the Specific. It is therefore with great propriety called "A SPECIFIC FOR ST. VITUS' DANCE."

Caseyville, Ky., Nov. 6, 1901.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir: A few weeks ago my attention was called to a case of St. Vitus Dance cured by your Specific. The daughter of the Rev. W. O. Connell, of Henderson, Ky., had this disease and after several doctors had treated her to the fullest extent and her father and friends had given up all hopes of saving her, they learned of your medicine and began giving it. The child made a rapid and complete recovery.

I wish to compliment you and your medicine. I also wish to have your literature and instructions regarding its use so I can use it in several cases of nervous disorders. Since it is good in St. Vitus Dance it must be useful in less severe nervous disorders. There is a case of "Petit mal" here and the party has offered \$100.00 to be cured, but requires to be guaranteed and I have refused the case. Could we cure him? I have no bad cases of nervousness on hand now but would like to learn about your medicine and how to get it, etc.

Yours truly,
URIAH H. JOHNSON, M. D.

Dear Sir: I was taken last May with St. Vitus Dance, and had it so bad I could hardly walk or talk. I was treated by two doctors and grew worse. I was advised to try your St. Vitus Dance Specific, which I did.

In three days I began to get better. I took one bottle and am entirely cured and gaining flesh, and I am very thankful for the good your medicine done me and you can use this as a testimonial if you wish.

Yours truly,

Dear Sir: After being treated by different physicians here without benefit our two daughters were perma-

nently cured of St. Vitus Dance by your St. Vitus Dance Specific. We think it is a wonder and have induced another party here to use it. Five hundred dollars would be nothing for the good it has done us.

Very respectfully,
CALVIN SHEPLER.

We doctored with a home physician over a month. I kept growing worse instead of better. We had been recommended to try your St. Vitus' Dance Specific. We procured a bottle. The first two weeks we could not see any improvement, but after that I kept growing better instead of worse and now I am not the least bit nervous. I wish to extend my thanks to you for your medicine.

Yours, truly,

Miss MABEL STANFORD.

Dear Sir: My granddaughter, 6 yrs old, was taken with very nervous spells last April, and several days after that her right side became paralyzed and in two weeks her tongue also, and later she was helpless.

I had several of the best physicians in our city but no one could help her very much. I heard of your wonderful medicine, St. Vitus Dance Specific, and gave her 3-4ths of a bottle and she was entirely cured.

And Oh! how happy and thankful we were, for your wonderful medicine. I have recommended it to several.
